Room O-10B4**

Introduction and Opening Remarks NRC/NEI

Discussion of Fire Protection Issues NRC/NEI

Discuss potential incentives to promote adoption of NFPA 805 (e.g., credit for self-assessments)

Consider a risk-informed approach to (1) establish licensing basis issue priorities; (2) provide a threshold to identify emerging issues that warrant resource expenditure; and (3) govern the processing of licensing basis issues for licensees adopting 805 rule

Discuss results of a risk-informed evaluation of fire suppression requirements

Determine the appropriateness of fire watches being used for non-safety compliance issues and the need for followup action

Discuss Fire Protection Scoping Position Paper

Opportunity for Public Question and Comment Public

Regional feedback on NEI concerns with inspections in the areas of post-fire safe shutdown and the regulatory process (Chuck Casto is planning to attend)

Clarify the process and documentation necessary to provide fire-protection issue closure

Discuss the interim inspection guidance for manual actions

Discuss pilot program for manual actions

Discuss acceptable compliance for associated circuits in light of new inspector guidance being developed

Discuss a planned evaluation of results from first round of triennial inspections

Opportunity for Public Question and Comment Public
