Ladies and Gentlemen:

**DOCKET NUMBER 50-483  
CALLAWAY PLANT UNIT I  
UNION ELECTRIC CO.  
FACILITY OPERATING LICENSE NPF-30  
PHYSICAL SECURITY PLAN, REVISION 35**

Pursuant to the requirements of 10 CFR 50.54(p), Union Electric Company furnishes four copies of Revision 35 of the Callaway Plant Physical Security Plan. Distribution of these documents is outlined on the attachment. Changes incorporated into this revision are consistent with 10 CFR 50.54(p) and do not decrease the effectiveness of the security program.

This change implements the provisions of NRC Regulatory Issue Summary 2002-17, concerning military service verification. Task #7 of the Training and Qualification plan is now split into two sections for ease of completion. There is no change to the required elements. Also, an incorrect reference number in Task #7 was corrected. These changes do not reflect any reduction in security effectiveness.

If you have any questions regarding these documents, please contact J. M. Dunbar at (573) 676-4205.

Very truly yours,

A handwritten signature in cursive script that reads "Blosser".

J. D. Blosser  
Manager, Regulatory Affairs
