Washington, DC 20555

Reference: Oregon State University TRIGA Reactor (OSTR)
Docket No. 50-243, License No. R-106

Subject: Proposal submitted in response to the Commission's regulation
requiring conversion of the OSTR from high enriched uranium
(HEU) fuel to low enriched uranium (LEU)

Gentlemen:

OREGON
STATE
UNIVERSITY

In accordance with the Commission's regulation contained in 10 CFR
50.64(c)(2)(ii) and with reference to the attached letter from the U. S. Department of
Energy, the Oregon State University Radiation Center has not been notified of any
change in funding status. Therefore, Federal Government funding for conversion of
the OSTR from HEU to LEU cannot be certified and therefore no further action
towards conversion will be taken at this time.

Dear Mr. Binney:

In accordance with 10 CFR Part 50.64, "Limitation on the Use of Highly Enriched Uranium in Domestic Non-Power Reactors," you are hereby notified that Federal funding under the Department of Energy University Reactor Fuel Assistance Program for conversion of your reactor to low enrichment uranium fuel will not be available during fiscal year 2001.

You will be notified in the event these circumstances change.

Sincerely,

Dr. William A. Van Dyke, Jr.
