Seabrook Station
2002 Annual Report of Challenges to Pressurizer
Power-Operated Relief Valves and Pressurizer Safety Valves

Seabrook Station Technical Specification 6.8.1.2.c requires an annual report of challenges to pressurizer power-operated relief valves and pressurizer safety valves. In accordance with this requirement, FPL Energy Seabrook, LLC hereby reports that during 2002, there were no challenges to the Seabrook Station pressurizer power-operated relief valves and pressurizer safety valves.

Should you have any questions concerning this matter, please contact Mr. Edward M. Nichols, III, Plant Engineering Manager, at (603) 773-7929.

Very truly yours,

FPL Energy Seabrook, LLC
