Talked to Beverly Ball and gave my schedule to her.

Called S. Green and asked him about training. Sam Harvey asked me if I had completed the greenhouse graph presentation. I told him I had not because I had been working on the Deep Chemicals and Chemicals benchmarks. I told him that I would talk with Ron about which is of more priority.

12.5 hr comp

This day Sam was verbally abusive by saying co-ops (etc) should not be hired because they could only do one thing at a time. He huffed very loudly behind my back and walked off.

Called Mac - Coupon Book

1990s

Ron asked me to beep Sam and ask him if he could attend a lunch for Dieder this Friday and if he could give a \$10.00 donation for a gift for Dieder.

I beeped Sam and when he returned my call he said "Jessa, Jim, Jerry, what do you want?" This was in a very hateful tone.

Began the environmental benchmarking
