Hi Isabelle,

Since no formal response to the subject ACRS Letter is needed, we consider Action Item 20030079 closed. Please confirm this resolution.

Thanks,  
Rani

Isabelle:

The ACRS Chairman has decided that there is no formal EDO response is needed for the ACRS report on Catawba and McGuire license renewal application. However he would like the staff to keep the Committee informed of the following:

.Whether Duke plans to implement the Program to manage PWSCC in the current license term ,as encouraged by the Committee.

.Status of obtaining resources for the staff's inspection of commitments and other activities to be conducted before the plants enter the extended period of operation..
