Subject: error in decom trust rule

The Federal Register called today to inquire about a possible error in the decommissioning trust rule published on 12/24/02. In sec. 50.75, paragraphs (e)(1)(i) and (e)(1)(ii) were amended. I believe paragraphs (e)(1)(ii)(A) and (B) were erroneously omitted from the codified text in the final rule. I am preparing a correction document to send to OFR to take care of the error. Please determine if these paragraphs were omitted inadvertently. If you still have a copy of this Federal Register notice on your PC, please email a copy to me (then I won't have to key in this language in its entirety for the correction notice). Thanks for the help.
