SUBJECT: INITIAL NRC FORM 241 FOR CALENDAR YEAR 2003

Mr. Vera:

This acknowledges receipt of your initial NRC Form 241 dated March 13, 2002, and the \$1400 application fee, submitted to the NRC Region IV office to report proposed activities in NRC jurisdiction under the authority of the general license pursuant to 10 CFR 150.20.

Your Agreement State license is recognized as valid for the use of an ICI Tracerco Model 610XY fixed gauge with an Amersham Model CDC.800 sealed source, at Conoco/Phillips Alaska drill site 1C, for a period of 180 days. Please be aware that working under reciprocity in NRC jurisdiction requires you to comply with NRC regulations, as described in 10 CFR 150.20.

The calendar year 2003 RTS Reference number for Conoco/Phillips Alaska, Inc. for a period of 180 days (March 17, 2003 - September 12, 2003) is as follows. Please refer to this RTS Reference number in any future communications.

RTS Reference Number	Proposed Location of Work
519	Conoco/Phillips Alaska, Inc, Drill Site 1C

You must submit an NRC Form 241 clarification report when you propose to add locations of work, add or delete dates of work, change work site contacts, use different radioactive materials, or elect to perform additional work activities within NRC jurisdiction, and subsequently provide those changes to this office. Please note, all notifications or clarifications of work activities or changes to the information submitted on the initial NRC Form 241 must include as a minimum, the following information: licensee name, agreement state license number, location of work, dates of work, and the signature of the RSO or designee.

Please note, that you may work in multiple locations on any given day and it will count as a total of one (1) day towards your 180 day limit within NRC jurisdiction.

Information submitted on NRC Form 241 must be specific regarding the location and dates of use. The regulations require that you notify this office three days prior to any changes in your proposed location of work or activity dates, or if you are adding additional locations of work. However, given the nature of your licensed activities, the time requirement specified in 10 CFR 150.20(b)(1) for filing an NRC Form 241 clarification report has been waived, provided that you:

- A. Inform this office by telephone or facsimile of work activities or changes to the information submitted on the initial NRC Form 241, and
- B. Receive oral or written authorization for the activities from this office, and
- C. Submit written confirmation within 3 days after the notification.

Enclosed is an NRC signature copy of your NRC Form 241. We appreciate your cooperation. If you have questions concerning this letter or other aspects of working in NRC jurisdiction under reciprocity, please contact me at 817-276-6552.

Please use one of the following FAX numbers for submitting NRC Form 241 clarifications.

In accordance with 10 CFR 2.790 of the NRC's "Rules of Practice," a copy of this letter, its enclosure, and your response, if you provide one, will be made available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS).
