To Whom It May Concern:

RE: Request to give oral comment during the morning session of March 24th in San Luis Obispo, California (Docket: Diablo Canyon ISFSI/ 072-00026)

As the Energy Advocate for Environment California, a statewide environmental organization in California with over 70,000 citizen members, I'm writing to request opportunity to make an oral statement on March 24th, 2003 during the morning session.

This statement would be in connection with Pacific Gas and Electric Company (PG&E)'s application to construct and operate an independent spent fuel storage installation (ISFSI) at its Diablo Canyon Power Plant (DCPP) site near San Luis Obispo, California.

I would greatly appreciate notice of receipt of this request and confirmation of my approval to make an oral statement before the NRC on this date. I can be reached at the following contact information:

Thank you, in advance, for the opportunity to speak before the Commission.

Sincerely,

Bernadette Del Chiaro
