

March 12, 2003

Mr. Donald Keldsen
Assistant Director of Operations
Maryland Emergency Management Agency
2 Sudbrook Lane
Pikesville, Maryland 21208

SUBJECT CALVERT CLIFFS NUCLEAR POWER PLANT - ANNUAL ASSESSMENT OF
SAFETY PERFORMANCE

Dear Mr. Keldsen:

I would like to invite you and other members of your organization to attend a meeting between the Nuclear Regulatory Commission (NRC) and Constellation Nuclear (Calvert Cliffs Nuclear Power Plant) at which the NRC staff will discuss our annual assessment of the safety performance of the Calvert Cliffs Nuclear Power Plant. The meeting will be held at 1:00 p.m. on March 31, 2003, at the Calvert Cliffs Education Center, 1650 Calvert Cliffs Parkway, Lusby, MD. The meeting is open to the public for observation and the NRC staff will be available to answer questions from you and members of the public regarding the safety performance of Calvert Cliffs and the role of the NRC in ensuring safe plant operations.

The NRC recently completed its annual assessment of the safety performance of the Calvert Cliffs Nuclear Power Plant in accordance with the NRC's Reactor Oversight Process. Our assessment used performance indicator data and inspection findings from January 1, 2002, through December 31, 2002. The results of our annual assessment are provided in the enclosed letter. Additional information regarding our Reactor Oversight Process and safety performance at the Calvert Cliffs Nuclear Power Plant can be accessed through the NRC's Web site at:

<http://www.nrc.gov/NRR/OVERSIGHT/ASSESS/index.html>

Your schedule permitting, I look forward to meeting you on March 31, 2003. In the interim, please do not hesitate to contact me at (610) 337-5186 (E-mail JMT1@nrc.gov), if I can be of further assistance to you.

Sincerely,

/RA/

James M. Trapp, Chief
Projects Branch 1
Division of Reactor Projects
