Representative John Gordner 904-B Orange Street Berwick, PA 18603

SUBJECT: SUSQUEHANNA STEAM ELECTRIC STATION - ANNUAL ASSESSMENT OF

SAFETY PERFORMANCE

Dear Mr. Gordner:

I would like to personally invite you and other members of your organization to attend a meeting between the Nuclear Regulatory Commission (NRC) and PPL Susquehanna, LLC in which the NRC staff will discuss with PPL our annual assessment of the safety performance of the Susquehanna Steam Electric Station.

The meeting will be held at 1:00 p.m. on Monday, March 31, 2003, at the Susquehanna Energy Information Center, 634 Salem Boulevard in Berwick, Pennsylvania, and is open to the public for observation. At the meeting we will briefly discuss our Reactor Oversight Process and then discuss with PPL our assessment of the safety performance of Susquehanna and their response to our assessment. The NRC staff will be available following the meeting to answer questions from you and members of the public regarding the safety performance of Susquehanna and the role of the NRC in ensuring safe plant operations.

The NRC recently completed its annual assessment of the safety performance of the Susquehanna Steam Electric Station in accordance with the NRC Reactor Oversight Process. Our assessment used the most recent performance indicator data and inspection findings from January 1, 2002 through December 31, 2002. We described our assessment results in a letter to PPL Susquehanna, LLC on March 3, 2003; A copy of that letter is enclosed. The letter can also be found at:

http://www.nrc.gov/NRR/OVERSIGHT/ASSESS/LETTERS/susq_2002q4.pdf

You can also become familiar with our Reactor Oversight Process, the information we used in our annual assessment, and the specific safety performance at the Susquehanna Steam Electric Station through the NRC Web site. This information may be accessed at: http://www.nrc.gov/NRR/OVERSIGHT/ASSESS.index.html

Your schedule permitting, I look forward to meeting you on March 31, 2003. In the interim, please do not hesitate to contact me at 610-337-5209, if I can be of further assistance to you.

Sincerely, /RA/

Mohamed Shanbaky, Chief Projects Branch 4 Division of Reactor Projects

Mr. Dale Krothe 1007 Sunset Drive Berwick, PA 18603

SUBJECT: SUSQUEHANNA STEAM ELECTRIC STATION - ANNUAL ASSESSMENT OF

SAFETY PERFORMANCE

Dear Mr. Krothe:

I would like to personally invite you and other members of your organization to attend a meeting between the Nuclear Regulatory Commission (NRC) and PPL Susquehanna, LLC in which the NRC staff will discuss with PPL our annual assessment of the safety performance of the Susquehanna Steam Electric Station.

The meeting will be held at 1:00 p.m. on Monday, March 31, 2003, at the Susquehanna Energy Information Center, 634 Salem Boulevard in Berwick, Pennsylvania, and is open to the public for observation. At the meeting we will briefly discuss our Reactor Oversight Process and then discuss with PPL our assessment of the safety performance of Susquehanna and their response to our assessment. The NRC staff will be available following the meeting to answer questions from you and members of the public regarding the safety performance of Susquehanna and the role of the NRC in ensuring safe plant operations.

The NRC recently completed its annual assessment of the safety performance of the Susquehanna Steam Electric Station in accordance with the NRC Reactor Oversight Process. Our assessment used the most recent performance indicator data and inspection findings from January 1, 2002 through December 31, 2002.
