DELAY IN PROCESSING REPORT DUE TO AWAITING CELLULAR PHONE LISTING. GROVER'S JUN-
AUG 96 CALLS DO NOT APPEAR QUESTIONABLE. THE OTHER NON-SPECIFIC COMPLAINT WAS
DATED AS WELL. ZERO.

SYNOPSIS

An anonymous male telephonically contacted the OIG Hotline and advised as follows.
Caller advised Ron Grover (subsequently identified as Manager, Chemical and
Environmental Protection, Nuclear Operations) uses TVA materials, telephone system
to include cellular phones, and TVA vehicles for personal use. Caller also stated
Grover has set up a contract within a contract through a personal service contract
for a friend (Leo Ryan, President of Fintech) to do work at SQN and WBN. This work
was done by Fintech but it was work that was not required by the site. The contract
was initially set up through Calgon. Since TVA is in such an efficiency mode this
was a waste of a quarter of a million dollars. Caller could not provide any more
information nor could he give specific dates other than the fact the Fintech
contract took place approximately two years ago.

Caller stated Grover as of October 1996, is on loan to a company called INPO.
