EMPLOYEE HARASSMENT AND INTIMIDATION

This memorandum serves to document a meeting between you, Wilson McArthur, Ben Easley, and myself regarding the alleged harassment and intimidation of Tresha Landers by you. The most recent incident occurred on 6/12/96 in which you removed several storage racks from her work area.

The 6/12/96 incident along with others involving Ms. Landers were discussed with you and were deemed inappropriate and insensitive. You acknowledged that the incidents occurred but stated that you were unaware of the impact of your behavior toward Ms. Landers.

You must exemplify better conduct in the work place when interacting with others. You also agreed to exhibit better behavior toward Ms. Landers and take some type of Employee Sensitivity Training in the near future.

I contacted Wilson McArthur on 7/8/96 about the second sentence in the second paragraph and stated that I disagree with this statement. I stated that I agreed with the storage rack issue and stated I made a mistake and apologized as soon as the problem was discussed. Other allegations proposed I did not agree with and stated that some were not true at all and others concerning "I was too busy" were taken out of context and stretched to the point of being as part of the allegation. This serves as a record of that conversation.
