Date	Index to events, ideas, thoughts, etc., occurring during this month
6/7	Discussed w/Don the discussion I had w/Gary the discussion I had w/Sam the week of 6/3/96. Sam called to let us know he would be working more closely w/WBN in the future in the Air Corp. position. He was sure that he would be in that capacity by his influence from Corp. might not be releasing him for a job @ SOW (which he would greatly prefer). Said he felt sorry for Gary as cold man out. Mentioned that interviews would still be conducted when I asked as it seemed like it was a done deal. Commented about interviews to done to keep it legal.
6/10	Discussed several issues w/Sam. Sam made reference to the possibility that he may be the cold man out & may desire my help in looking for other employment if so.
