ALJ Bollwerk.

Please clarify that your recent order does not mean to imply that San Luis Obispo Intervenor's will not be able, as individuals, to get up from the "parties" table to address their concerns regarding PG&E's application to triple the volume of high level radioactive waste in our coastal zones.

We were not allowed to speak at the prehearing conference and I cannot believe it is your intent to disallow our ability to get up from the table when our assigned time is called to share our safety concerns.

Please send clarification as soon as it is convenient for you.

Thank you for your response. To the degree someone will serve as the formal representative of a party by sitting at one of the "party" tables in the front of the hearing room, the arrangement you propose by which they also would make a limited appearance statement would not be in keeping with the purpose of the sessions as expressed in the Licensing Board's March 13, 2003 memorandum.

As counsel for the lead intervenor, I would ask that you pass this along to whomever intends to act as the representative(s) of the admitted intervenor parties (i.e., SLOMFP, SLCSC, SLOCAN, CCPEC, AVAC, and Peg Pinard) during the limited appearance sessions.

Please contact Panel Law Clerk Susan Lin at 301-415-7456 if you have any further questions.

 Dear Judge Bollwerk,

This is to let you know that the limited appearance session on Sunday 3/23/03 will be attended by Rochelle Becker and Jill Zamek of the

Template = SECY-043

SECY-02

San Luis Obispo Mothers for Peace, and by Neil Tardiff of Avila Valley Advisory Council.

On Monday 3/24/03, the session will be attended by Rochelle Becker of SLOMFP and Pete Wagner of the Santa Lucia chapter of the Sierra Club. It is also possible that Peg Pinard will attend either or both sessions.

These individuals understand that they may not speak as representative of their respective intervenor groups. However, it is my understanding that they have asked to speak in their personal capacity.
