

March 21, 2003

Ms. Ione Dusingberre
138 Twin Oaks Road
Louisa, Virginia 23093

Dear Ms. Dusingberre:

The purpose of this letter is to invite you, as an individual who may have an interest in activities related to the North Anna Power Station, to public meetings on April 1, 2003, with representatives of the U.S. Nuclear Regulatory Commission (NRC). The purpose of the meetings is to discuss the review process for Dominion Energy's (Dominion) early site permit (ESP) application for the North Anna site. Dominion is expected to file an ESP application with the NRC in September 2003 for a new reactor or reactors at the North Anna site. At the meetings, the NRC will discuss the NRC ESP review process, as well as the opportunities for public involvement in that process for the North Anna site.

Under the NRC's regulations in Part 52 of Title 10 of the *Code of Federal Regulations*, "Early Site Permits, Standard Design Certifications, and Combined Licenses for Nuclear Power Plants," the NRC can issue an ESP for approval of one or more sites for possible future construction of a nuclear power plant or plants. The issuance of an ESP is separate from the issuance of a license to construct or operate a nuclear power plant. The review of an ESP addresses site safety issues, environmental protection issues, and plans for coping with emergencies, independent of the review of a specific nuclear plant design. Should an ESP be issued for North Anna, Dominion could reference the ESP in seeking, at some time during the term of the ESP, a license to construct or operate a nuclear power plant or plants on the site.

The public meetings will take place on April 1, 2003, from 2:00 p.m. to 4:30 p.m. and from 7:00 p.m. to 9:30 p.m., at the Louisa County Library, 881 Davis Highway, Mineral, VA. The meeting notice for the public meetings is enclosed for your information. If you have any questions regarding the meetings, please contact Mike Scott of my staff by e-mail at mls3@nrc.gov or by telephone at 301-415-1421.

Sincerely,

/RA/

MEMORANDUM TO: Marsha Gamberoni, Deputy Director
New Reactor Licensing Project Office
Office of Nuclear Reactor Regulation

FROM: Michael L. Scott, Project Manager */RA J. N. Wilson for:/*
New Reactor Licensing Project Office
Office of Nuclear Reactor Regulation

SUBJECT: FORTHCOMING MEETING TO DISCUSS THE REVIEW PROCESS
FOR DOMINION ENERGY'S EARLY SITE PERMIT (ESP)
APPLICATION FOR THE NORTH ANNA SITE (TAC NO. MB5383)

DATE & TIME: Tuesday, April 1, 2003
First Session: 2:00 p.m. - 4:30 p.m.
Second Session: 7:00 p.m. - 9:30 p.m.

LOCATION: Louisa County Library
881 Davis Highway
Mineral, VA 23117

CATEGORY 3:* This is a Category 3 meeting. The public is invited to participate in this meeting by providing comments and asking questions throughout the meeting.

PARTICIPANTS: Participants from the NRC include members from the Office of Nuclear Reactor Regulation and the Office of the General Counsel.

NRC
F. Cameron, OGC
J. Lyons, NRR
M. Scott, NRR
A. Kugler, NRR

PURPOSE: To discuss the review process for the early site permit (ESP) application for the North Anna Site. These meetings will provide information to the public on the NRC ESP review process, as well as the opportunities for public involvement in that process for the North Anna site.

Both formal sessions will be preceded by an informal "open house" beginning one hour prior to each session for those who wish to attend. The "open house" will provide members of the public with an opportunity to talk informally "one-on-one" with the NRC staff.

MEETING CONTACT: Michael L. Scott, NRR
301-415-1421, mls3@nrc.gov

**AGENDA FOR PUBLIC MEETINGS TO DISCUSS
EARLY SITE PERMIT (ESP) REVIEW FOR NORTH ANNA SITE
ESP APPLICATION**

TUESDAY, APRIL 1, 2003

Two Meeting Sessions* - 2:00 p.m. to 4:30 p.m. and 7:00 p.m. to 9:30 p.m.

Welcome and Purpose of Meeting - F. Cameron

Overview of the NRC - J. Lyons

Overview of the Licensing Process (10 CFR Part 52) - J. Lyons

Overview of Early Site Permit Review Process - M. Scott

Questions and Answers - F. Cameron

Overview of Opportunities for Public Involvement - M. Scott

Questions and Answers - F. Cameron

Closing - F. Cameron

*The NRC staff will host informal discussions one hour prior to each meeting session. No comments on the proposed Dominion early site permit application will be accepted during the informal discussions or the formal sessions. To be considered, comments must be provided either at the transcribed public meetings after the filing of the ESP application or in writing, as described during the subject information meeting (see agenda, above).

U. S. NUCLEAR REGULATORY COMMISSION

Notice of Public Meeting

Pre-application Early Site Permit Meetings for the North Anna Site

AGENCY: U.S. Nuclear Regulatory Commission

ACTION: Notice of public meetings in Mineral, Virginia

SUMMARY: The U. S. Nuclear Regulatory Commission (NRC) will hold facilitated meetings on April 1, 2003, to provide information to the public on the NRC Early Site Permit (ESP) review process, as well as the opportunities for public involvement in that process for the North Anna site. Dominion Energy, Incorporated (Dominion) is expected to file an ESP in September 2003 for a new reactor or reactors at the North Anna site.

DATE/TIME: The meetings will be held on Tuesday, April 1, 2003, beginning with the first meeting from 2:00 p.m. through 4:30 p.m., followed by a later meeting from 7:00 p.m. through 9:30 p.m. Each meeting will be preceded by an "open house" one hour prior to the meeting to allow for individual discussions with staff members.

LOCATION: Louisa County Library, 881 Davis Highway, Mineral Virginia

FOR FURTHER INFORMATION CONTACT: Francis X. Cameron, Special Council for Public Liaison, Office of General Council, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555-0001, or by telephone: (301) 415-1642 or e-mail: fxc@nrc.gov. Mr. Cameron will facilitate the meeting.

SUPPLEMENTARY INFORMATION: Additional information can be obtained from the website (<http://nrcweb.nrc.gov:300/reactors/new-licensing/license-reviews/esp.html>), or by contacting Mr. Michael Scott at (301) 415-1421, or via e-mail at mls3@nrc.gov.

Dated at Rockville, Maryland this 26th day of February 2003.

FOR THE NUCLEAR REGULATORY COMMISSION

James E. Lyons, Director
New Reactor Licensing Project Office
Office of Nuclear Reactor Regulation

March 21, 2003

Ms. Edna H. Musser
6224 Fredericks Hall Road
Mineral, Virginia 23117

Dear Ms. Musser:

The purpose of this letter is to invite you, as an individual who may have an interest in activities related to the North Anna Power Station, to public meetings on April 1, 2003, with representatives of the U.S. Nuclear Regulatory Commission (NRC). The purpose of the meetings is to discuss the review process for Dominion Energy's (Dominion) early site permit (ESP) application for the North Anna site. Dominion is expected to file an ESP application with the NRC in September 2003 for a new reactor or reactors at the North Anna site. At the meetings, the NRC will discuss the NRC ESP review process, as well as the opportunities for public involvement in that process for the North Anna site.

Under the NRC's regulations in Part 52 of Title 10 of the *Code of Federal Regulations*, "Early Site Permits, Standard Design Certifications, and Combined Licenses for Nuclear Power Plants," the NRC can issue an ESP for approval of one or more sites for possible future construction of a nuclear power plant or plants. The issuance of an ESP is separate from the issuance of a license to construct or operate a nuclear power plant. The review of an ESP addresses site safety issues, environmental protection issues, and plans for coping with emergencies, independent of the review of a specific nuclear plant design. Should an ESP be issued for North Anna, Dominion could reference the ESP in seeking, at some time during the term of the ESP, a license to construct or operate a nuclear power plant or plants on the site.

The public meetings will take place on April 1, 2003, from 2:00 p.m. to 4:30 p.m. and from 7:00 p.m. to 9:30 p.m., at the Louisa County Library, 881 Davis Highway, Mineral, VA. The meeting notice for the public meetings is enclosed for your information. If you have any questions regarding the meetings, please contact Mike Scott of my staff by e-mail at mls3@nrc.gov or by telephone at 301-415-1421.

Sincerely,

/RA/

The purpose of the meetings is to discuss the review process for Dominion Energy's (Dominion) early site permit (ESP) application for the North Anna site. Dominion is expected to file an ESP application with the NRC in September 2003 for a new reactor or reactors at the North Anna site. At the meetings, the NRC will discuss the NRC ESP review process, as well as the opportunities for public involvement in that process for the North Anna site.

Under the NRC's regulations in Part 52 of Title 10 of the *Code of Federal Regulations*, "Early Site Permits, Standard Design Certifications, and Combined Licenses for Nuclear Power Plants," the NRC can issue an ESP for approval of one or more sites for possible future construction of a nuclear power plant or plants. The issuance of an ESP is separate from the issuance of a license to construct or operate a nuclear power plant. The review of an ESP addresses site safety issues, environmental protection issues, and plans for coping with emergencies, independent of the review of a specific nuclear plant design. Should an ESP be issued for North Anna, Dominion could reference the ESP in seeking, at some time during the term of the ESP, a license to construct or operate a nuclear power plant or plants on the site.

The public meetings will take place on April 1, 2003, from 2:00 p.m. to 4:30 p.m. and from 7:00 p.m. to 9:30 p.m., at the Louisa County Library, 881 Davis Highway, Mineral, VA. The meeting notice for the public meetings is enclosed for your information. If you have any questions regarding the meetings, please contact Mike Scott of my staff by e-mail at mls3@nrc.gov or by telephone at 301-415-1421.

Sincerely,

/RA/

Mr. James R. Kogle
Winwood Coves Property Owners Assn.
425 Lakeway Road
Mineral, Virginia 23117

Dear Mr. Kogle:

The purpose of this letter is to invite you, as an individual who may have an interest in activities related to the North Anna Power Station, to public meetings on April 1, 2003, with representatives of the U.S. Nuclear Regulatory Commission (NRC). The purpose of the meetings is to discuss the review process for Dominion Energy's (Dominion) early site permit (ESP) application for the North Anna site. Dominion is expected to file an ESP application with the NRC in September 2003 for a new reactor or reactors at the North Anna site. At the meetings, the NRC will discuss the NRC ESP review process, as well as the opportunities for public involvement in that process for the North Anna site.

Under the NRC's regulations in Part 52 of Title 10 of the *Code of Federal Regulations*, "Early Site Permits, Standard Design Certifications, and Combined Licenses for Nuclear Power Plants," the NRC can issue an ESP for approval of one or more sites for possible future construction of a nuclear power plant or plants. The issuance of an ESP is separate from the issuance of a license to construct or operate a nuclear power plant. The review of an ESP addresses site safety issues, environmental protection issues, and plans for coping with emergencies, independent of the review of a specific nuclear plant design. Should an ESP be issued for North Anna, Dominion could reference the ESP in seeking, at some time during the term of the ESP, a license to construct or operate a nuclear power plant or plants on the site.

The public meetings will take place on April 1, 2003, from 2:00 p.m. to 4:30 p.m. and from 7:00 p.m. to 9:30 p.m., at the Louisa County Library, 881 Davis Highway, Mineral, VA. The meeting notice for the public meetings is enclosed for your information. If you have any questions regarding the meetings, please contact Mike Scott of my staff by e-mail at mls3@nrc.gov or by telephone at 301-415-1421.

Sincerely,
