

March 18, 2003

Ms. Veronica Laureigh, Municipal Clerk
Lacey Township
818 West Lacey Road
Forked River, NJ 08731

SUBJECT OYSTER CREEK NUCLEAR POWER PLANT - ANNUAL ASSESSMENT OF
SAFETY PERFORMANCE

Dear Ms. Laureigh:

I would like to personally invite you and other members of your organization to attend a meeting between the Nuclear Regulatory Commission (NRC) and AmerGen Energy Company in which the NRC staff will discuss with AmerGen our annual assessment of the safety performance of the Oyster Creek Nuclear Power Station.

The meeting will be held at 10:00 a.m. on March 28, 2003, at the Lacey Township Municipal Building, Forked River, New Jersey and is open to the public for observation. At the meeting we will briefly discuss our Reactor Oversight Process and then discuss with AmerGen our assessment of their safety performance of Oyster Creek and their response to our assessment. The NRC staff will be available following the meeting to answer questions from you and members of the public regarding the safety performance of Oyster Creek and the role of the NRC in ensuring safe plant operations.

The NRC recently completed its annual assessment of the safety performance of the Oyster Creek Power Station in accordance with the NRC Reactor Oversight Process. Our assessment used the most recent performance indicator data and inspection findings from January 1, 2002 through December 31, 2002. We described our assessment results in a letter to the AmerGen Energy Company on March 4, 2003. The letter can be found at:

http://www.nrc.gov/NRR/OVERSIGHT/ASSESS/LETTERS/oc_2002q4.pdf

You can also become familiar with our Reactor Oversight Process, the information we used in our annual assessment, and the specific safety performance at the Oyster Creek Power Station through the NRC Web site. This information may be accessed at:

<http://www.nrc.gov/NRR/OVERSIGHT/ASSESS/index.html>

Your schedule permitting, I look forward to meeting you on March 28, 2003. In the interim, please do not hesitate to contact me at (610) 337-5109 if I can be of further assistance to you.

Sincerely,

/RA/

Robert J. Summers, Acting Chief
Projects Branch 7
Division of Reactor Projects

March 18, 2003

Mayor of Barnegat, Joseph E. Vill
Township of Barnegat
900 West Bay Avenue
Barnegat, NJ 08005

SUBJECT OYSTER CREEK NUCLEAR POWER PLANT - ANNUAL ASSESSMENT OF
SAFETY PERFORMANCE

Dear Mayor Vill:

I would like to personally invite you and other members of your organization to attend a meeting between the Nuclear Regulatory Commission (NRC) and AmerGen Energy Company in which the NRC staff will discuss with AmerGen our annual assessment of the safety performance of the Oyster Creek Nuclear Power Station.

The meeting will be held at 10:00 a.m. on March 28, 2003, at the Lacey Township Municipal Building, Forked River, New Jersey and is open to the public for observation. At the meeting we will briefly discuss our Reactor Oversight Process and then discuss with AmerGen our assessment of their safety performance of Oyster Creek and their response to our assessment. The NRC staff will be available following the meeting to answer questions from you and members of the public regarding the safety performance of Oyster Creek and the role of the NRC in ensuring safe plant operations.

The NRC recently completed its annual assessment of the safety performance of the Oyster Creek Power Station in accordance with the NRC Reactor Oversight Process. Our assessment used the most recent performance indicator data and inspection findings from January 1, 2002 through December 31, 2002. We described our assessment results in a letter to the AmerGen Energy Company on March 4, 2003. The letter can be found at:

http://www.nrc.gov/NRR/OVERSIGHT/ASSESS/LETTERS/oc_2002q4.pdf

You can also become familiar with our Reactor Oversight Process, the information we used in our annual assessment, and the specific safety performance at the Oyster Creek Power Station through the NRC Web site. This information may be accessed at:

At the meeting we will briefly discuss our Reactor Oversight Process and then discuss with AmerGen our assessment of their safety performance of Oyster Creek and their response to our assessment. The NRC staff will be available following the meeting to answer questions from you and members of the public regarding the safety performance of Oyster Creek and the role of the NRC in ensuring safe plant operations.

The NRC recently completed its annual assessment of the safety performance of the Oyster Creek Power Station in accordance with the NRC Reactor Oversight Process. Our assessment used the most recent performance indicator data and inspection findings from January 1, 2002 through December 31, 2002. We described our assessment results in a letter to the AmerGen Energy Company on March 4, 2003. The letter can be found at:

http://www.nrc.gov/NRR/OVERSIGHT/ASSESS/LETTERS/oc_2002q4.pdf

You can also become familiar with our Reactor Oversight Process, the information we used in our annual assessment, and the specific safety performance at the Oyster Creek Power Station through the NRC Web site. This information may be accessed at:

<http://www.nrc.gov/NRR/OVERSIGHT/ASSESS/index.html>

Your schedule permitting, I look forward to meeting you on March 28, 2003. In the interim, please do not hesitate to contact me at (610) 337-5109 if I can be of further assistance to you.

Sincerely,

/RA/
