 Hi Ken,

Per our conversation a short time ago, here are the following documents:

- Status Updated dated 12/05/02
- Spreadsheet of Open Issues
- Charter for Effectiveness Review
- Charter for AFW Design Basis Revalidation

I've sent the documents as pdf files to enable you reviewing them without converting them to WordPerfect.

Please feel free to contact me or Tom Webb if you need additional information. My phone is 920/755-6221.
