Date: 4/25/02 5:40PM  
Subject: Fwd: 05/07/2002 Meeting Notice, Meeting with Firstenergy Nuclear Operating Company

Stephen,

I thought we were NOT going to schedule this meeting until we received the answers to the 32 questions we sent them about a month ago. Why is Davis Besse still in the driver's seat when it comes to scheduling meetings with the staff? It seems like somebody in our management simply can't say "No " Who?

Steve
