Mike,

I see from the Dean/Grobe e-mail exchange that there is a call and/or meeting at 1 pm today. And, I see from your e-mail to us that you want Mark and me to attend. But, I can't see on the SPSBCAL or any of the e-mails where to go to "attend." Do you know or should I ask Bill or Jack or Singh?

Other than that, I don't think you missed anything.

Steve

Please plan to attend call.

NPK

Just want to describe where we are

- expecting TIA
- have questions for licensee (some of which were previously transmitted informally)
- need to get in order that they may consider in advance of 5/10 risk analysis update

Did I miss anything?
