Dear Mr. Chappell:

General Atomics, under contract to the U.S. Department of Energy, Office of Civilian Radioactive Waste Management (OCRWM), submits this application on OCRWM's behalf for a Certificate of Compliance for the GA-4 Legal Weight Truck Spent Fuel Shipping Cask, Docket No. 71-9226.

Results from planned half-scale model regulatory drop tests will be submitted as an amendment to the Safety Analysis Report for Packaging (SARP) in the third quarter of 1995. In accordance with 10CFR170, GA understands that NRC fees are paid through direct appropriation from the Nuclear Waste Fund.

Ten copies of the SARP are included with this submittal. If you have any questions, please call me at 619-455-2583 or Al Zimmer at 619-455-4326 (FAX 619-455-2596).

Sincerely,

Robert M. Grenier  
Director  
Nuclear Waste Management Division
