SUBJECT: TRANSPORTATION OF RADIOACTIVE MATERIALS

Dear Mr. Haynes:

I am responding to your March 11, 2003, letter to Mr. Richard Savio in which you requested to participate in future Committee Meetings regarding the transportation of radioactive materials. The Advisory Committee for Nuclear Waste (ACNW) is the cognizant Committee for this subject. Periodically, the ACNW is briefed by Nuclear Regulatory Commission (NRC) staff and other stakeholders on transportation issues at its meetings. At these meetings, members of the public may present written statements to the Committee for consideration or, with prior notice, provide an oral statement during the meeting.

During the April 2003 ACNW Meeting the Committee will be briefed by representatives from the State of Nevada on their views regarding the transportation of spent nuclear fuel. The agenda for this meeting will be posted on the NRC web site, [www.nrc.gov](http://www.nrc.gov). In addition, all ACNW meeting are noticed in the Federal Register 15 days before the meeting date. Both the web site and the Federal Register contain the topics and agendas for each meeting. I recommend you consult the NRC web site and the Federal Register for information regarding future ACNW meetings.

Thank you for your interest in Committee activities.

Sincerely,

/RA/

Timothy J. Kobetz  
Senior Staff Engineer
