Subject: Another Revised Agenda for June 5th ACRS Meeting

Hello

Attached is a revised agenda for the June 5, 2002 ACRS subcommittee and June 6, 2002 full committee meeting. I do not expect any additional changes to the agendas. Also, attached is a condensed version of the agenda that the ACRS will be work from because they wanted an agenda that was only one page long. The changes are highlighted in yellow.

REMINDER: Please email me your slides by COB, today.

NOTE: The MRP presenters may change.

Cordially,
Michael Marshall
