Dwight,

Come by when you get in on Thursday.

Theresa and I have pretty much exhausted our resources and we were unable to find data that was relevant to the Davis Besse situation. Could we meet together to see what other options are available and also, so you can meet Theresa and fill her in better on the objective of why we are looking for the 308 data

I am still searching through the LERs and I have found a few situations where there has been some high RCS pressures
