This is in regards to decommissioning activities associated with the remediation of the former Wittnauer Worldwide, LP facility located in Cayey, Puerto Rico. Based on our inspection that is currently being conducted at that facility, we have confirmed that the facility is in decommissioning status and no decommissioning plan was required. Based on a review of the ongoing decommissioning activities at the facility and discussions with Robert Coleman, Chairman and CEO of Timelink Worldwide, LP formerly Wittnauer Worldwide, LP, we authorize release of funds in the amount of \$12,128.00.
