Subject: Nozzle 46 Information

D Wuokko, First Energy (FENOC)
Jon Hopkins, NRC

Jon-

On 8/09/02, Stephen Sands coordinated a conference call between Davis-Besse and the NRC regarding Nozzle 46 of the Reactor Vessel Head. Ken Karwoski, Al Hiser, Bill Cullen, Mel Holmberg, Stephanie Goffin, Singh Bajwa, MMarshal, Steve Long and others of the NRC staff were participants. Attached, for information purposes, as requested by the NRC staff are:

Three photos of the nozzle on the head

The PT report for the Nozzle, J-Groove Weld

UT

Plan used for inspecting Nozzle 46

Please forward this on to the NRC staff participants. Thanks.

-Dale Wuokko
