Subject: Availability 4 Meeting (CORRECTION) on Application of Probabilistic Fracture Mechanics to RPV Head

Hello

Pete Riccardella has requested a meeting to discuss staff concerns with the MRP's PFM model. Specifically, stress intensity factors computations, crack growth rate distribution, and benchmark against Ocone.

Can you support a meeting at the following time and date? If you have any other areas of concern with the MRP's PFM model, please, email them to me by Tuesday, September 3, 2002.

DATE: Tuesday, September 17, 2002
TIME: 9.30 a til 12:30 p
ROOM. O-12B4

MEETING PURPOSE Discuss staff concerns with the MRP's PFM model.

Please, send me your response by noon on Tuesday, September 3, 2002

Cordially,
Michael Marshall
