**Subject:** Re: Conference Call Regarding RPV Head Temperature and Sump NPSH

Dale,

Apparently, nobody in the NRC PM group that deals with Davis-Besse has been present to read these e-mails. I suggest that we just proceed with the phone call at 1 pm, today. Please provide me with the proper phone number to call from my end.

Steve

Steve and Stephen-

1:00 PM will work fine for us to start the call Will this work for you,  
Stephen?

06:46 AM and Sump NPSH

Stephen and Dale,

I can participate between 1 and 2 pm today, but can't go past 2. I propose  
we start at 1 pm.

Steve

Stephen and Steve,

Davis-Besse could hold the subject conference call on Tuesday, September 10  
between the hours of 1:00 PM and 3:30 PM. Unfortunately Wednesday and  
Thursday will not work, and Friday is available only late in the day.

Please let me know if Tuesday will work and what time would be best to  
start the call Thanks.
