Re: St. Lucie Units 1 and 2
Docket Nos. 50-335 and 50-389
Emergency Plan Implementing Procedures

In accordance with 10 CFR 50 Appendix E, enclosed is a copy of the revised procedures that implement the Emergency Plan as listed below.

<u>Number</u>	<u>Title</u>	<u>Revision</u>	<u>Implementation Date</u>
EPIP-04	Activation And Operation Of The Technical Support Center	11	March 13, 2003
EPIP-06	Activation And Operation Of The Emergency Operations Facility	6	March 13, 2003
EPIP-10	Off-Site Radiological Monitoring	6	March 11, 2003
HP-90	Emergency Equipment	42	March 13, 2003
HP-200	Health Physics Emergency Organization	19	March 13, 2003
HP-201	Emergency Personnel Exposure Control	12	March 13, 2003
HP-202	Environmental Monitoring During Emergencies	30	March 11, 2003
HP-203	Personnel Access Control During Emergencies	21	March 13, 2003

A revision summary is enclosed on page 2 for each of the revised procedures. Please contact us if there are any questions regarding these procedures.

Very truly yours,

Donald E. Jernigan
Vice President
St. Lucie Plant

Revision Summary

EPIP-04

- incorporated changes for emergency dosimetry for security personnel
- added statement for Technical Support Center (TSC) Supervisor to provide completed Attachment 3A to Security Supervisor
- added guidance for Emergency Response Data Acquisition and Display System (ERDADS) operation under Station Blackout (SBO) condition
- removed information regarding local government radio (LGR)

EPIP-06

- incorporated changes to add guidance for Recover Manager Operation Advisor (RM OPS Adv) to give notification forms to communicators
- eliminated priority on engineering form
- added guidance for ERDADS operation under SBO condition
- added new guidance for Health Physics Network (HPN) communicator
- revised information regarding LGR radio
- added instruction for Administrative (ADM) staff to use "rightfax"

EPIP-10

- incorporated changes to add instructions for Health Physics (HP) off-site channel radio
- updated site map
- revised location description of monitor point red 5

HP-90

- incorporated changes to remove test procedure for local government radio

HP-200

- incorporated changes to add guidance for HPN communicator
- made administrative / editorial changes

HP-201

- incorporated changes to clarify exposure control for security
- revised responsibilities from Technical Support Center Health Physics (TSC HP) Supervisor to Operational Support Center Health Physics (OSC HP) Supervisor

HP-202

- incorporated changes to revise site map and location of monitor point red 5

HP-203

- incorporated changes to clarify exposure control for security
