Director, Office of Nuclear Material Safety and Safeguards  
United States Nuclear Regulatory Commission  
11545 Rockville Pike  
Rockville, MD 20852

**Subject: Request for Renewal of U.S. NRC Certificate of Compliance No.  
USA/9234/B(U)F, Revision 12**

Dear Mr. Paperiello,

Eco-Pak Specialty Packaging (ESP) respectfully requests the renewal of the U.S. NRC Certificate of Compliance No. USA/9234/B(U)F, Revision 12, licensing the Model NCI-21PF-1 overpack for the transport of 30-inch enriched uranium hexafluoride (UF<sub>6</sub>) cylinders due to expire December 31, 1998.

If there are questions or further information is needed for the renewal of this certificate, please contact us at Eco-Pak Specialty Packaging, 125 Iodent Way, Elizabethton, TN 37643, (423) 543-4211.

Very truly yours,

William M. Arnold  
President
