### Nuclear Regulatory Commission's (NRC) Nevada Meetings

Dear Mr. Brach:

On behalf of Nye County, I want to express our appreciation of your policy to conduct NRC's Nevada meetings in the Site County as well as in Las Vegas.

The March 12, 2003 workshop included a report on the NRC's evaluation of the Baltimore Tunnel Fire, and the State of Nevada's contrasting evaluation. Our understanding is that a meeting will be arranged to discuss the evaluations in detail, and to consider their implications for the fire test element of the Package Performance Study. As the Yucca Mountain Site County, Nye County requests an invitation to attend and participate at such meetings.

Thank you for your time, please call if you have any questions or concerns. You can reach me at 775/727-7727 Ext 22 or email lbradshaw@co.nye.nv.us.

Respectfully,  
NYE COUNTY, NEVADA
