Docket Nos. 50-335 and 50-389
Annual Update To The St. Lucie Units 1 and 2
License Renewal Application

By Florida Power & Light Company (FPL) letter dated November 29, 2001, FPL submitted an Application for Renewed Operating Licenses for St. Lucie Units 1 and 2 (LRA) which provided information required by 10 CFR Part 54. During the NRC review of the LRA, FPL is required by 10 CFR 54.21(b) to report changes to the St. Lucie Units 1 and 2 current licensing bases (CLBs) that materially affect the contents of the LRA, including the Final Safety Analysis Report (FSAR) supplements.

Pursuant to the requirements of 10 CFR 54.21(b), FPL has completed a review of facility changes since the submittal of the St. Lucie LRA. No CLB changes that materially affect the contents of the LRA have been identified.
