Mr. Cass R. Chappell, Section Chief  
Package Certification Section  
Spent Fuel Project Office, NMSS  
U.S. Nuclear Regulatory Commission  
Washington, DC 20555

Subject: Docket Number 71-9234

Dear Mr. Chappell,

Nuclear Containers, Inc. (NCI) requests that Eco-Pak Specialty Packaging (ESP), a division of The Columbiana Boiler Company (CBC), be designated as the holder of Certificate of Compliance No. USA/9234/B(U)F, Revision 11, for the NCI-21PF-1 overpack. This overpack is used to ship 2½-ton cylinders of uranium hexafluoride by truck, ship and rail. CBC has purchased the assets of Nuclear Containers, Inc., including the NCI-21PF-1 overpack, and has established ESP as a new division of CBC in its place.

If you have any questions or need additional information, please call me.

Very truly yours,

*William M. Arnold*
