

April 2, 2003

Mr. Ron Fraass
Executive Director
Conference of Radiation Control
Program Directors, Inc.
205 Capital Avenue
Frankfort, KY 40601

Dear Mr. Fraass:

We have reviewed the final revisions to Part D "Standards for the Protection Against Radiation" and Part J "Notices, Inspections and Reports to Workers; Inspections" and the applicable parts of Part A "General Provisions" that support Part J and D of the Suggested State Regulations for the Control of Radiation (SSRCR). The Final draft of these SSRCR were received by this office on March 19, 2003. The regulations were reviewed by comparison to the equivalent NRC regulations in 10 CFR Sections 19 and 20. In addition, we reviewed our February 3, 2003 letter to you that addressed the proposed regulations. We discussed our review of these SSRCR with Shawn Seeley, Chair of the SSRCR Part D committee, on March 19, 2003.

As a result of our review, we have no comments and have determined that the SSRCR Part A, D, and J, as adopted, are compatible and meet the compatibility and health and safety categories established in STP Procedure SA-200. Please note that we have limited our review to regulations required for compatibility and/or health and safety.

If you have any questions regarding the comments, the compatibility and health categories, or any of the NRC regulations used in the review, please contact me, or John Zabko at (301) 415-2308 or JGZ@NRC.GOV.

Sincerely,

/IRA By Josephine M. Piccone/

Josephine M. Piccone, Deputy Director
Office of State and Tribal Programs

Enclosures:
