The Nuclear Regulatory Commission's Equal Employment Opportunity (EEO) Advisory Committees provide a valuable forum for employee input into the Agency's EEO Program. The Committees strive to enhance opportunities for all employees and applicants for employment through advice and recommendations to the Director, Office of Small Business and Civil Rights (SBCR), regarding factors that impact selection, promotion, placement, upward mobility, training, and career development.

As shown below, there are a number of current vacancies on the EEO Advisory Committees:

Membership on these Committees is open to all Headquarters employees. Regional representatives for the EEO Advisory Committees are solicited by each regional office. Committee members serve in a collateral duty capacity for a three-year term and should be willing to dedicate an average of 5 hours each month to Committee duties.
