Dr. Robert C. Mecredy, Vice President  
Nuclear Operations  
Rochester Gas and Electric Corporation  
89 East Avenue  
Rochester, New York 14649-0001

SUBJECT: ISSUANCE OF ENVIRONMENTAL SCOPING SUMMARY REPORT  
ASSOCIATED WITH THE STAFF'S REVIEW OF THE APPLICATION FOR  
RENEWAL OF THE OPERATING LICENSE FOR THE R. E. GINNA NUCLEAR  
POWER PLANT

Dear Dr. Mecredy:

From October 10, 2002, to December 11, 2002, the Nuclear Regulatory Commission (NRC) conducted a scoping process to determine the extent of the NRC staff's environmental review of the R. E. Ginna Nuclear Power Plant (Ginna) License Renewal Application. The application for renewal was submitted by Rochester Gas and Electric Corporation (RG&E) on July 30, 2002. As part of the scoping process, the NRC staff held two public environmental scoping meetings in Webster, New York, on November 6, 2002, to solicit public input regarding the scope of the review. The scoping process is the first step in the development of a plant-specific supplement to NUREG-1437, "Generic Environmental Impact Statement for License Renewal of Nuclear Plants (GEIS)," for Ginna.

The NRC staff has prepared the enclosed Environmental Scoping Summary Report identifying comments received at the November 6, 2002, license renewal environmental scoping meetings, and in writing during the scoping comment period. In accordance with 10 CFR 51.29(b), you are being provided a copy of the Scoping Summary Report. The transcripts of the meetings can be found as an enclosure to the December 17, 2002, meeting summary, which is available electronically for public inspection at the NRC's Public Document Room (PDR), located at One White Flint North, 11555 Rockville Pike (first floor), Rockville, Maryland, or from the Publicly Available Records component of NRC's Agencywide Documents Access and Management System (ADAMS), under Accession No. ML023530096. ADAMS is accessible at <http://www.nrc.gov/reading-rm/adams.html>, which provides access through the NRC's Public Electronic Reading Room (PERR) link. Persons who do not have access to ADAMS or who encounter problems in accessing the documents located in ADAMS should contact the NRC's PDR Reference staff at 1-800-397-4209, or 301-415-4737, or by e-mail to [pdrr@nrc.gov](mailto:pdrr@nrc.gov).

R. Mecredy

The next step in the environmental review process is the issuance of a draft supplement to the GEIS scheduled for June 2003. Notice of the availability of the draft supplement to the GEIS and the procedures for providing comments will be published in an upcoming *Federal Register* notice. If you have any questions concerning this matter, you can call me at (301) 415-1124.

Sincerely,

**/RA/**
