SUBJECT: INITIAL NRC FORM 241 FOR CALENDAR YEAR 2003

Mr. Montgomery:

This acknowledges receipt of your initial NRC Form 241 dated March 5, 2003, and the \$1400 application fee, submitted to the NRC Region IV office to report proposed activities in NRC jurisdiction under the authority of the general license pursuant to 10 CFR 150.20.

Your Agreement State license is recognized as valid for the proposed use of licensed material at the location listed on your NRC Form 241, and attached documents, if any. Please be aware that working under reciprocity in NRC jurisdiction requires you to comply with NRC regulations, as described in 10 CFR 150.20. This includes the applicable portions of 10 CFR Part 35. The revision to Part 35, as published in the Federal Register, Volume 67 No. 79, April 24, 2002, has been included for your reference.

The calendar year 2003 RTS Reference number for your proposed location of work is as follows. Reference numbers for other locations will be assigned when respective clarifications are received in this office. Once assigned, please refer to the appropriate RTS Reference number in any future communications.

RTS Reference Number	Proposed Location of Work
596	Fairfax Community Hospital Associate, Inc.

You must submit an NRC Form 241 clarification report or equivalent, when you propose to add locations of work, add or delete dates of work, change work site contacts, use different radioactive materials, or elect to perform additional work activities within NRC jurisdiction, and subsequently provide those changes to this office. Please note, all notifications or clarifications of work activities or changes to the information submitted on the initial NRC Form 241 must include as a minimum, the following information: licensee name, agreement state license number, location of work, dates of work, and the signature of the RSO or designee.

Information submitted on NRC Form 241 must be specific regarding the location and dates of use. The regulations require you to notify this office three days prior to any proposed generally licensed activity. However, given the nature of your licensed activity, the time requirement specified in 10 CFR 150.20(b)(1) for filing an NRC Form 241 clarification report and any subsequent notifications have been waived, provided that you:

- A. Inform this office by telephone or facsimile of work activities or changes to the information submitted on the initial NRC Form 241, and
- B. Receive oral or written authorization for the activities from this office, and
- C. Submit written confirmation within 3 days after the notification.

Enclosed is an NRC signature copy of your NRC Form 241. We appreciate your cooperation. If you have questions concerning this letter or other aspects of working in NRC jurisdiction under reciprocity, please contact me at 817-276-6552.

Please use one of the following FAX numbers for submitting NRC Form 241 clarifications.
