Mike,

The attached file is as good as I could make it by the end of my day. I should be in about 6:30 tomorrow, so I'll send these to you now to give you a start when you get in about 6 am.

Also, Cindy called and wants a copy. I told her I would check with you about that before she gets in at 8:30 tomorrow. Your call about when to include her; just let me know what you decide.

Steve
