Steve,

The 0350 panel would like you to participate in the next mtg this Thursday. I don't know the time yet, but I believe they are shooting for 10ish (est). They would like you to discuss the potential outcomes of the risk assessment and where RES and you are in completing the assessment. Jim Dyer, the Regional Administrator, is meeting with congresswoman Kaptor next week and I think they need some talking bullets for that discussion.

Thanks - Sonia
