At the panel meeting today, Jack and others asked when you would be ready with your writeup and asked me to reschedule your briefing to the panel. Will you be prepared by the 7/11 panel meeting to present a preliminary assessment?

My notes from previous 0350 panel meetings show that the panel asked you to come back on 7/2 to discuss any preliminary writeup of the risk assessment. Tomorrow, I would like to send out the agenda. Will you be able to attend?

Thanks
