FOIA Officer
U.S. Nuclear Regulatory Commission
Mail Stop T-6 D8
Washington, D.C. 20555-0001

Officer

Under the Freedom of Information Act, 5 U.S.C. 552, I am requesting all documents on file concerning the U.S. Navy's license applications to fire depleted uranium munitions.

A recent letter from the U.S. Navy to members of Congress stated that a license was required from the Nuclear Regulatory Commission for the Navy to fire depleted uranium rounds for the Phalanx Close-In Weapons System (CIWS). I am requesting all documents related to this license for the CIWS and for all other weapons systems used by the U.S. Navy to fire depleted uranium munitions.

As you know, the Freedom of Information Act permits you to reduce or waive fees when the release of the information is considered as "primarily benefiting the public". I believe this request fits this category. I therefore ask that you waive any fees.

If documents are denied in part or in whole, please specify which exemptions are claimed for each passage or whole document denied. Please provide a complete itemized inventory and detailed factual justification of total or partial denial of documents. Specify the number of pages in each document and the total number of pages pertaining to this request. For classified material denied, please include the following information: the classification rating (confidential, secret or top secret); identify the classifier; date or event for automatic declassification, classification review or down-grading; if applicable, identify the official authorizing extension of automatic declassification or review; and, if applicable, give the reason for extended classification.

I request that excised material be "blacked out" rather than "whited out" or cut out. I expect, as provided by the Freedom of Information Act, that the remaining non-exempt portions of documents will be released.

Please send all unclassified documents immediately and all classified documents at a later time after being released to avoid delays by the review process of classified material.

I would appreciate your handling this request as quickly as possible and I look forward to hearing from you within 20 days as the law stipulates.

Thank you for your consideration on this matter.

Sincerely

Glen Milner

A redacted signature consisting of a thick black horizontal bar. The bar is enclosed in a hand-drawn rectangular box with slightly irregular corners, suggesting it was drawn by hand.
