Subject: Review and Comment on the Center for Nuclear Waste Regulatory Analyses' (Center's) Administrative Procedure AP-001, "Evaluation of Potential Conflict of Interest," Revision 6, Change 0.

Dear Mr. Mackin:

NRC has reviewed and accepted the Center's Administrative Procedure AP-001, "Evaluation of Potential Conflict of Interest", with the following revision, discussed during a March 26, 2003 conference call with NRC staff from the Division of Security, Bernard Stapleton, Wayne Burnside and me. Since safeguards information is not classified, a security clearance for access is not needed. However, an official "need-to-know" still applies.

Accordingly, on page 15, Figure 2. Evaluation of Access to Information by Staff, Consultants, and Subcontractor Persons, you are requested to delete the block "Does the Person Have "L" or Higher Clearance?"

Please contact me if you have any questions on (301) 415-7796.

Sincerely,

\RAI
