Mike Kunowski:

Thank you for the information you shared with me yesterday concerning the status of the special inspection performed at Point Beach 1 as a result of the red finding. I followed up and spoke to Pat Loudon and he supplied all the information I needed.

Please keep me in the loop and I'd appreciate it if I can get an electronic copy of the final inspection report when it is issued. I want to ensure that the proper footnote is added to the ROP Action Matrix Summary on the NRC Web Page in a timely manner.

Again, thanks for your assistance.
