UNITED STATES
NUCLEAR REGULATORY COMMISSION
OFFICE OF NUCLEAR REACTOR REGULATION
WASHINGTON, D.C. 20555

February 2, 1995

NRC ADMINISTRATIVE LETTER 95-01, Supplement 1: CHANGE IN COMMERCIAL TELEPHONE
AND FACSIMILE NUMBERS AT
NUCLEAR REGULATORY COMMISSION
HEADQUARTERS

Addressees

All NRC licensees.

Purpose

The U.S. Nuclear Regulatory Commission (NRC) is issuing this administrative letter supplement to inform addressees that the NRC Operations Center commercial telephone and facsimile 24-hour numbers have not been changed even though most telephone numbers at the NRC have been changed, as announced in the original administrative letter. This administrative letter does not transmit or imply any new or changed requirements or staff positions. No specific action or written response is required.

Discussion

The original administrative letter explained that telephone numbers at the NRC with prefix 504 would be changed to numbers with prefix 415 by March 1, 1995. This supplement emphasizes that this change does not affect the NRC Operations Center telephone numbers, which are tabulated below.

Primary	(301) 816-5100
Backup	(301) 951-0550
Second Backup	(301) 415-0550
Emergency Response	
Data System (ERDS)	(301) 816-5160
Facsimile	(301) 816-5151

These numbers, except for the recently added second backup number, were listed in NRC Administrative Letter 94-04, "Change of the NRC Operations Center Commercial Telephone Number," April 11, 1994.
