RE: Approval of a Bond Release Request, Permit No. 478, TFN 4 4/14, Change No.33

Dear Mrs. Wichers:

This letter approves the groundwater restoration of the 517 site located in the SE¼ of Section 5, T.45N., R.77W., Johnson County, Wyoming. Staff members of the Land Quality and Water Quality Divisions have reviewed this application and found it acceptable.

Receipt of this letter grants COGEMA Mining Company permission to eliminate groundwater restoration costs for the 517 site from the bond estimate for Permit 478. Credit for restoration of this groundwater has previously been made in your reclamation bond estimates.

The LQD tracks this Bond Release as Change No. 33.

If you have questions, please contact me (777-7046) or Glenn Mooney in the Sheridan District III Office (672-6488).

Sincerely,

Richard A. Chancellor
