This is correct. The correct alternate and revision numbers were listed in the original e-mails.

Thank you.

RES, see attached e-mail from D-B licensee. Weld data sheets are not with Framatome but with B&W Indiana. Therefore, licensee has to purchase weld data sheets and they are preparing a purchase order. As a result, licensee wants to make sure that they request all the data sheets that we want in one purchase order.

Can RES review attached e-mail and let me know if it covers all desired weld data sheets.

Thanks, Jon Hopkins, NRR PM
