I'm OK with that. See you on Thursday. BC

8:30 is fine with me. Thanks for arranging the meeting.

I scheduled T10C1 from 8:30 to 9:30 - Let me know if this is OK. We will probably have 4 or 5 people there - Pat and/or Mike, Bennett Brady, Chris Hunter and I. Let me know if this is OK. Note we have a Branch Meeting at 10:30, so we can't go much later.

Gary,

Thursday morning is better for me. From MEB, Mark Kirk, myself, Bill Cullen, Rob Tregoning will attend. We need Pat also at the meeting.

Thanks,

Nilesh

Perhaps we can meet today - my schedule is open, but I am unavailable all day tomorrow (Wed.)

Gary,

Yes, we need to work together on this review. Ashok has expressed concerns regarding the treatment of uncertainties several times. We need to inform them about our ongoing work with cracks in cladding and plans for dealing with uncertainties. Perhaps, we should have a short meeting between two branches.

Thanks,

Nilesh

Nilesh,

Pat Baranowsky has asked me to prepare comments and a cover letter on the existing draft TIA prepared by NRR. Although I am not certain if the comments will actually be released under a Thadani letter, I intend to prepare the package with that in mind. Would your organization like to work with us on this package?
