Subject: nuclear waste

April 21, 2003 (9:00AM)

OFFICE OF SECRETARY  
RULEMAKINGS AND  
ADJUDICATIONS STAFF

April 19, 2003

To the NRC

Concerning releasing radioactive materials into general commerce.

\*\*\*\*\*

Basically.....don't do it.

I am very disturbed that the NRC is still trying to reduce its obligation to monitor and confine nuclear waste. I realize the amount of radiation is small, but it is also long lived and the result of exposure is cumulative.

DO NOT RELEASE ANY NUCLEAR MATERIAL INTO THE GENERAL ENVIRONMENT.

Sincerely,  
Joan O. King
