Nancy Fragoyannis  
Nuclear Regulatory Commission

# NSIR Organization

---

- NRC established the Office of Nuclear Security and Incident Response on April 7, 2002
- Formation of the new office was a result of Commission review of its safeguards and physical security programs after September 11
- Consolidated security programs from several offices
- A centralized security organization is more effective and efficient way to organize security activities

# NSIR Organization

---

Continued

- NSIR office responsibilities include:
  - ▶ Incident response
  - ▶ Safeguards and security policy and oversight
  - ▶ Material control and accounting and international safeguards
  - ▶ Technical support and coordination for safeguards licensing and rulemaking activities
  - ▶ Development and oversight of safeguards and security programs
  - ▶ Development of contingency planning and emergency response activities for safety and safeguards events

# NSIR Organization

---

Continued
