IE INFORMATION NOTICE NO.:85-62: BACKUP TELEPHONE NUMBERS TO THE NRC
OPERATIONS CENTER

Addressees:

All nuclear power reactor facilities holding an operating license and certain fuel facilities.

Purpose:

This notice is being issued to inform licensees of commercial telephone numbers for the NRC Operations Center which are to be used as backup to the Emergency Notification System and the Health Physics Network. It is expected that recipients will review the information and forward to cognizant individuals for review and appropriate use. Suggestions contained in this information notice do not constitute NRC requirements; therefore, no specific action or written response is required.

Description of Circumstances:

The following commercial telephone numbers for the NRC Operations Center are available for event and emergency notification whenever the Emergency Notification System or the Health Physics Network is inoperable.

301-951-0550*
301-427-4056
301-427-4259
301-492-8893

* Reported previously as area code 202; however, either area code can be used at the present time.

To ensure that the backup telephone numbers are made available when needed, telephone stickers with the backup telephone numbers have been provided for your convenience to attach to the telephones for Emergency Notification System and Health Physics Network.

No specific action or written response is required by this information notice. If you have any questions regarding this matter, please contact the Regional Administrator of the appropriate NRC regional office or the NRC Headquarters incident response contacts listed in this notice.

Edward L. Jordan, Director
Division of Emergency Preparedness
and Engineering Response
Office of Inspection and Enforcement

Technical Contacts: Don Marksberry, IE
